START fluor free **RG BOOST** FINISHERS

RG Booster finisher line consists of powders, liquids, spray and blocks. Advanced mixtures technology of numerous R-Ceramic microparticle compounds creates nano-structure surface onto the gliding base to reduce both wet and dry friction. Together with RG-Gliders it boosts your glide to winning level without any compromise!

Product no	Product	Del pcs	Temperature	Volume	Description
02500	RG BOOST FINISHING POWDER WARM	1	+10°...-3°C	30 ml	Finishing powder for warmer temperatures.
02501	RG BOOST FINISHING POWDER UNIVERSAL	1	+5°...-15°C	30 ml	Universal finishing powder all temperatures.
02502	RG BOOST FINISHING POWDER COLD	1	-5°...-15°C	30 ml	Finishing powder for colder temperatures.
02470	RG BOOST FINISHING SPRAY POWDER	1	+5°...-15°C	30 ml	Booster spray for finishing, universal.
02503	RG BOOST FINISH LIQUID WARM	1	+10°...-3°C	30 ml	Booster liquid finisher for warm temperatures.
02504	RG BOOST FINISH LIQUID UNIVERSAL	1	+5°...-15°C	30 ml	Universal Booster liquid finisher.
02505	RG BOOST FINISH LIQUID COLD	1	-5°...-15°C	30 ml	Booster liquid finisher for colder temperatures.
02510	RG BOOST FINISH BLOCK UNIVERSAL		-2°...-10°C	12 g	Booster block for under zero conditions.
02511	RG BOOST FINISH BLOCK COLD		-7°...-20°C	12 g	Booster block for colder conditions.
